nimal

fallen from a star

one love

hey
my dear one
i have heard
you can play your beloved flute
so sweet
come
take a place
in my heart
since i was a little girl
i dreamed of you

hey
my dear one
you're the one
who can make all those wishes i ever had
fulfilled
oh please stay with me
my one and only love
and it's all right

can you take me to the place
where everything is beautiful?
can you take me to the place
where everything is harmony?
my one and only love!!

hey
my dear one
your beautiful face
let me forget everything what's in my mind
except you
i'm a part of you
and i feel
that you love me so much more
than i can think

can you take me to the place
where everything is beautiful
can you take me to the place
where everything is harmony
my one and only love!!

are you mind?

i find i can't stop this
you run at any time in my brain
you're my strait waistcoat
i don't need you
but you're always here
you shouldn't take me any more
when i look you straight in the eyes
you fade

give me a break
i must admit
you're one of my best friends
with the very best ideas
your invasions
i can't stand it any more
you fade

my turn is up to me
i know and i see
everyone can fly

blue

the great hope

fallen from a star
everything i know
that my map is written wrong
hide behind a stone
everything i see
that this world is not for me
sleep in my ears
all that i hear
to enough to have fear
holding on the past
makes me blind
for what is now.

this penetrating wish
to keep everything
under my control
afraid if it is not like
i have had in mind
pretending affection
for fear of being alone!!
remaining unmoved
because i never let anyone
into my heart

is there a chance
for you and me???

but i can believe
that angels sing
and everything i hope
is that we can only win!!!!

you find me here

i don't know how to start
i don't know whether i should tell at all
but from this day on everything changes
in times of my semi-table emercises i never experienced
such unforgettable moving storms in my eyes
never again i will rummage in that same comic shop
or will use my favorite trick
but somehow
i can't help myself
somewhere everywhere i look
everywhere everywhere

your face
a golden star in the sky
the light of the sun and the moon
your face is
i always knew
it's blue

whenever i turn away my mind from you
blue blobs of paint on deep blue background
a light green parrot talks about self-realization
after he took shelter in a women's mouth
everything is blue
little girls cry painters of happiness
everywhere
they see your
feet
hair in the clouds
your mouth full of universes
your face is
i always knew
it is blue

the sea is blue
and you too
the sky is blue
and you too

you take me away
you take me high
i always knew
it's blue
merry and sharp
blue witness in my heart
hair that are clouds
trees and bones
the shark in the sea
little girls cry painters of happiness
blue blobs of paint on deep blue background
sea and sky
everything is blue
golden star in the sky
your mouth full of universes
the tree with its branches in the ground and its root in the air sot felled

i can find nothing that i cannot find
i can find nothing that i cannot find
i can find nothing that i cannot find .....!!!... !!! !!!

everything is blue

mimikry

sweet bitter chocolate

i can't wait
my body burns
my mind turns
in my head
you fill a deep hole
you open it
in my soul
oh i'm
your marionette
want to have you
can't see no lack
make sick
my cheapest drug
can't find no ground
under my feet

oh first sweet and then
bitter friend cheapest drug
oh first sweet and then
bitter friend
will follow you now!

i
feel breed
still be so good
and i
faste
my kiss
now acquired
my senses
for a short time
now i feel empty
more than before
instead of water
you pour oil in my flames
give me back
the sight
the way to hell
looks bright

oh first sweet and then
bitter friend
my cheapest drug
oh first sweet and then
bitter friend
my cheapest treat
oh first sweet and then bitter friend
won't follow you now!

as long as
as long as you pretend something
as long as you pretend something
as long as you pretend something to someone
as long as you pretend to be something that you are not

you won't find love
you won't find yourself

as long as you pretend something
as long as you pretend something
as long as you pretend something to someone
as long as you pretend to be something that you are not

you won't find love
you won't find god

when you dare
you can change
fear into trust
lust into love
fake into truth

you can change
fear into trust
lust into love
fake into truth

fear into trust
lust into love

fear of go

i believe when i go
i did it thousand times
these everlasting feelings of things
that should be forgotten for a long time
but still they sometimes scratch me sore

blueing to everything i like
not knowing this blocks my sight
for all those little hints before my eyes
go busy blaming for water
i didn't get that it rains

but unconscious of this
another round of fear of go starts turning

i loosen my cling
like a baby cat in mothers mouth
no matter what will come

i believe when i go
how it will be it depends on me
don't want a boring life of holding tight
things that anyhow disappear
and cannot give me hold

i want to sharpen my eyes and go
another round of fear of go stops turning

don't believe or don't know
don't believe or don't know that
i don't believe
but i know that

want to loosen my cling
like a baby cat in mothers mouth
no matter what will come

want to know how it feels
like a baby cat in mothers mouth
no matter what will come!!!!!!

bite me

when the master goes away
his role the servant plays
couldn't see his shame
was big big i to blame

it was always big bite me
impeding me to see
foolishness and pride
walk on the same side

and like a mountain high
big big big bite
climbing up that hill
to look what is behind

it was always big bite me
some me i think to be
want to identify
with something that's not me

my burden big big me
impeding me to be
and separating me
from my ecstasy

everyday is today

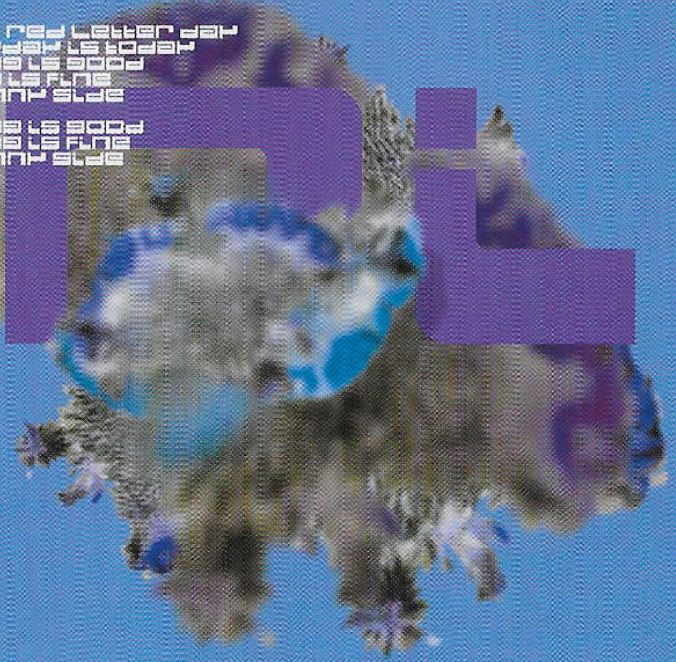
how much love is left for me
is it limitless
clean my mind of insignificance
in real there is no distance

how much praise is left for me
am i entitled to it
independence of my assistance
increasing my confidence

how much time is left for me?
as sure as death
the very last examination
containing all disintegration

today is a red letter day
and everyday is today
everything is good
everything is fine
on the sunny side

everything is good
everything is fine
on the sunny side



all dreams come true

sun is shining on me
arms wide open in the sand
to catch life
laying on all hidden secrets
and sorrows dry up in the warm sunny beam

no matter where i am
i am there
where i want to be
it's up to me
no matter where i am
i am there
where i want to be

a little flower
rising in the sky
for sure i will bloom
very soon
in the moon
things take it's while
absorbing deeply the soft breeze
of safety

no matter where i am
i am there
where i want to be
it's up to me
no matter where i am
i am there
where i want to be

all dreams come true
no need for a place to hide

what when is life?

what's a dream
when it stays a dream?
what's a plan
when you don't work it out?
when the problem is in your mind
which other place you try to find?
when the treasure is in your heart

what is faith
when you only believe?
what if all the aeros
ain't got a one?
not just pray but also hear the answers
see the chance and get a grip
when the treasure is in your heart

why all these tears?
why all these fears?

not just pray but also hear the answers
see the chance and get a grip
